Tonight and Saturday, fair.

Weather Conditions.

An area of high pressure of mod-rate intensity covers the interior of the United States, and relatively low barometric pressure is noted over Northeastern and Southeastern secons and over the extreme Northwest and extreme Southwest. Moderate to leavy local rains occurred in Atlantic sctions from Central Provids to New England, and clear skies were report-ed from all other sections. Cloudy weather continues in the cotton States bordering on the Atlantic Ocean, and at time of report rain was still falling at points in Georgia and the Carolinas. In Texas the weather outinues unusually favorable for cotton picking. Changes of temperature have been unimportant and moderate temperatures prevail in nearly all sections. It is somewhat cooler, how-ever, in portions of North Texas and

ALLEN TEAM TO HUNTSVILLE.

The Allen Academy football squad went to Huntsville today to play the strong team of the Sam Houston Normal tomorrow afternoon. The academy team has been putting in some hard practice this week since the game with the Bryan Stars and with the addition of Nunn, the brilliant halfback, and Cole, on the end, now has one of the best rounded squads the institution has ever had. The Sam Houston Normal has practically all its old men back this year and so far has not been defeated this season. This should be the hardest game on the academy's schedule this season, but the boys are confident of victory. They were accompanied by Coaches Pirth and Hudson. The personnel of the squad was as follows: Slaughter (captain), Boriskie, McClintock, See, Nunn. Seale, Cole, Allen, Howard, House, DeLafosse, Jenkins and Myers.

J. S. Jenkins, Mumford.

H. B. Davenport, Dallas. T. P. Eastland, Dallas.

G. House, Waco.

Ernest Moore, Houston.

A. W. Klousthe, Calvert.

J. W. Humphries, Baltimore.

R. H. Waller, Fort Worth.

H. M. McLeod, Houston.
